### **Honey Mustard Dressing**

#### *Notes*

#### *Ingredients*

1 cup sunflower or olive oil 1/3 cup honey (if using raw honey you can heat it first just enough to make it soft)	1/3 cup cider vinegar 1/3 cup mustard (dijon works well)
--	---

#### *Instructions*

1. Add in bottle and shake well. You should probably refrigerate this, though depending on the oil and type of honey you use it will get a little solid in the fridge.
